**“Believe you can and you are halfway there “**

This is a phrase which I learnt at AEEC (AIMS Entrepreneurship Excellence Centre). The cell has been nurturing me in all aspects. Special guidance by AEEC has helped me to build a new startup named “EDUPRIME”.

AEEC provided me with all the support and guidance when I needed. The cell's timely guidance has been coming at all stages of my journey as an entrepreneur. Without the AEEC cell I may not have been able to convert my idea into a startup. Humble thanks to the cell for encouraging me in all steps I have taken and guiding me.

### UGAT SCORE AND IT'S INTERPRETATION

1. The Under Graduate Aptitude Test (UGAT) is designed to measure the aptitude of a candidate for Integrated MBA (IMBA), BBA, BHM, BCA, etc.
2. For candidates applying for Integrated MBA (IMBA), BBA, BCA, etc. (other than BHM), there are four sections viz English Language, Numerical and Data Analysis, Reasoning & Intelligence and General Knowledge.
3. For candidates applying for BHM, there are two additional sections viz Service Aptitude and Scientific Aptitude.
4. The scores given are normalized using the formula :  $\{( \text{Marks Scored by the Candidate} / \text{Marks of the Highest Scorer} ) \times \text{Maximum Marks}\}$ .
5. The percentile below column indicates the percentage of the number of candidates who scored below that of the candidate. The percentile below is calculated using the formula:  $\{(\text{Maximum Rank} - \text{Rank of the Candidate}) \times 100\} / \text{Maximum Rank}$
6. The composite score is an overall normalized score based on first four sections.
7. Personal Data is as reported by the candidate.
