**SYLLABUS FOR B.A./ B.Sc (HONS.) PSYCHOLOGY
CHOICE BASED CREDIT SYSTEM (CBCS)**

THREE-YEAR FULL-TIME PROGRAMME

B. A./ B.Sc (HONS.) PSYCHOLOGY

This course aims at developing an understanding of the growing discipline of psychology and promoting skill based education. An important goal is to facilitate self-discovery in the students and ensure their enthusiastic and effective participation in responding to the needs and challenges of society. The course intends to enable students in developing skills and competencies needed for meeting the challenges and needs of the real world effectively. Hence this syllabus is created keeping in mind the changing nature of the society, educational institutions and the workplace and inculcate the required competencies in the students to understand and respond to the same efficiently and effectively.

Pedagogy for teaching the B.A. (Hons) Course in Psychology

The teaching-learning of the programme would be organized through lectures, tutorials, experiential exercises, projects, presentations, workshops, seminars and hands on training. Students would be encouraged to develop an understanding of real life issues and participate in the programs and practices in the social context. Practicum is incorporated as an important component in most of the papers with hands on training in the use of various research methods such as laboratory experiments, field experiments, observation, testing, survey, interview and case study. Use of ICT and mass media and web based sources (like documentaries, videos, films etc.) is highly recommended to make the teaching-learning process interactive, interesting and fruitful.

Evaluation

The mode of evaluation would be through a combination of external and internal assessment in the ratio of 75: 25 respectively. Along with routine examinations, classroom participations, class assignments, project work, and presentations would also be a part of the overall assessment of the students.

NOTES:

- For Core papers- 4 Theory classes+ 4 Practical Classes per week/ per group
- DSE Theory- 4 Theory classes+ 4 Practical Classes per week/ per group
- For GE papers- - 4 Theory classes + 4 Practical Classes per week/ per group

[a). Psychology honours students will have other subjects as pass papers which is synonymous to Generic Elective

b). The core papers for Psychology General Course will serve as Generic Elective for the students of other honours who will opt for Psychology as a pass paper]

- For SEC courses- 2 Theory classes
- Evaluation through tests
- Hands on training will be provided through skill based learning.
