## Welcome

Vidyasagar College was at the forefront of ushering in a revolution in the field of education in British India. The college, known for its rich, glorious legacy and its immense contribution to the field of education in the country, has its origin in the Metropolitan Training School - later renamed as Calcutta Training School - which was set up by Thakurdas Chakraborty at 1 Arpuly Lane in 1859. In 1860, Vidyasagar became the President of the managing committee of the Training School. In 1864, he was entrusted with the complete charge of its administration and in the same year, he renamed the school as Metropolitan Institution.

Vidyasagar sought collegiate affiliation from Calcutta University and the Institution was granted affiliation for First Arts on 1st January, 1872. This day is celebrated as the Foundation Day of Vidyasagar College. Later in 1879, the Institution was declared a first grade college with BA affiliation. In due course affiliation for the BL course was granted. In 1882 postgraduate courses were introduced and a record number of students passed with flying colours. In 1917, the Metropolitan Institution was renamed as Vidyasagar College. It can be regarded as the first truly secular educational institution in the pre-independence era as the college was entirely run by Indian academicians. As part of the expansion plans, an evening section devoted to the teaching of Commerce was opened in 1922. In 1931, a morning section - the women's department of the college - was established. In 1960, the two sections developed into independent colleges known as Vidyasagar Evening College and Vidyasagar College for Women respectively. During World War II, two branches of the college were set up in Nabadwip and Suri which later became known as Nabadwip Vidyasagar College and Suri Vidyasagar College respectively. The Dawn Society (1902), precursor of the National Council of Education, that later came to be known as Jadavpur University, began functioning from Vidyasagar College.

Several eminent personalities have been associated with Vidyasagar College in various ways - Rashtraguru Surendranath Banerjee, Deshbandhu Chittaranjan Das, Acharya Prafulla Chandra Roy, Professor Sisir Kumar Bhaduri, Swami Vivekananda, Rabindranath Tagore, Sir Ashutosh Mukherjee, Acharya Jadunath Sarkar, G.D. Birla, Ram Manohar Lohia and Babu Jagjiban Ram, to name a few.

The Institution offers flexible programmes at the undergraduate and post-graduate levels (under autonomous status). It has, at present 20 Honours courses, 21 General subjects and two postgraduate courses in Zoology and Geography. It is the aim of the institution to open more post-graduate courses, job-oriented courses and also to inculcate research aspiration in students. The Governing Body provides efficient and effective leadership in improving the academic, administrative and financial aspects of the college.

Admission to the college is based strictly on merit of the total number of students 43.1% are female, 14% are from the SC/ST category and 40% are from the rural, urban and backward areas of West Bengal. The average percentage of success of graduating students is 90-95%, while that for post graduation is 100%. The academic subcommittee deals with the attendance of the students strictly and regular parent-teacher meetings are held. Periodical tests are also held to ensure that the syllabi are properly covered and that the students improve their academic performance.

The college library has a vast collection of books - curriculum based text books, reference books and rare and old books including some used by the founder himself. Several departments have well-stocked seminar libraries, too. With a view to supplementing the curriculum, seminars, workshops and popular lectures on various topics of academic and social interests are organized.

The teachers counsel students on academic and personal issues and a grievance redressal mechanism has also become operative. A health-care unit has been set up to cater to students as well as the staff. Sports, social and cultural functions, science club, cine club and N.S.S are some of the student activities which deserve special mention.

Apart from prizes, scholarships and endowments, free studentship and assistance from the Students Aid Fund are offered to financially handicapped but meritorious students. There is also an SC/ST cell providing statutory educational and financial facilities to SC/ST students. A placement cell has been constituted and is operative.

Vidyasagar College Computer Centre is accredited to the Department of Electronics, Government of India, to conduct CCC, 'O' level and 'A' level courses.

The college is proud of the fact that the first phase of construction of its third campus, situated in CL Block of Bidhannagar, is complete. Currently, two Post Graduate programmes in Zoology and Geography are run from that campus. Efforts are on to introduce more technology based and job-oriented courses. This campus will also boast of a Girls' Hostel in compliance with a long standing demand from the students.

All in all, with its wide range of academic programmes and excellent educational facilities, the College, whose motto is '**Wisdom, Sacrifice and Service**', is set to take on the challenges in the field of education in the twenty-first century.

**The college has been accredited by NAAC in January 2009. Department of Zoology of the college has been supported by DBT Sponsored Star College Scheme, under Ministry of Science and Technology, Govt. of India, for its excellent academic performance.**

## Admission Process

Admission to different honours and general courses are conducted by the college in a very transparent matter. We advertise in the leading dailies and also on our website about distribution of forms. A detailed merit list of all the candidates in each stream is prepared meticulously. Thereafter, counseling and admission are done with the help of teachers and non-teaching staffs. In each stage all notices and announcements are clearly and regularly posted on our website well ahead of commencement of the process. The rules of the University of Calcutta are strictly adhered to in the entire process.

## About the College

### Attendance

Attendance at classes should be above 75% in each subject separately and in no case should be below 60% in each subject separately. Students with lower percentage of attendance are not eligible to appear at the Calcutta University examinations.

Only those students, with the requisite percentage of attendance to be decided upon and notified by the college, are allowed to sit in the college examinations and the decision of the college in this regard is final.

Admission of students who fail to attend 75% of lectures delivered in all subjects separately in fifteen teaching days from the commencement of classes is liable to be cancelled. Names of the students, who will be absent from College for more than fifteen consecutive teaching days without any written intimation, are liable to be struck off the rolls and such students may not be readmitted.

### Schedule of college tests and examinations

All college tests and examinations as per latest C.U. notification will be communicated to students in due course.

### Teachers' Council

Teachers' Council (TC) is the most important non-administrative body of the College which ensures smooth functioning of day to day activities. The council is presided over by the Principal (as president) with the assistance of the secretary, selected from the council members through election, though in case of a unanimously chosen candidate the electoral procedure can be avoided. The secretary, after being elected, forms different subcommittees with the help from the President and the TC members. These subcommittees take care of the numerous college activities. Names of the members of each sub-committee are eventually ratified by the Governing Body.

Alongside TC representatives, most of the subcommittees, barring those which deal exclusively with Teachers' Council issues, have representatives from the non-

teaching staffs and the student community to facilitate the smooth functioning of the College.

The academic subcommittee takes care of all the academic issues, overviews the general performance of the college students in the internal as well as the University examinations, discusses possible future improvements, introduces new courses, implements new regulations and furthermore, strives to improve the general academic level and atmosphere which are the hallmarks of a college. The routine and examination sub-committees work in harmony with the academic subcommittee. The former makes provisions for newer courses, decides on suitable time-slots, available classrooms etc. while the latter oversees the entire process of examination (both internal and University examinations). These are the three most important pillars of our college.

The admission sub-committee, though of a short tenure, handles all admission-related issues and conducts the entire process of admission during the months of June and July helped by the non-teaching staffs and students of the college.

The library plays an important role in the dissemination of knowledge. The hundred and forty one year old college library is enriched with collection of rare books of historical interest from bygone days as well as contemporary books. The library sub-committee tries to upgrade the selection of books and journals with suggestions from all departments.

Prize distribution and student welfare sub-committees undertake two very important tasks. While the former inspires the students to perform well by providing prizes to those who have excelled in the spheres of sports, academics or culture, the latter stands by the meritorious but impoverished section of the students by providing aids and grants.

The Magazine and TC journal subcommittees continue with the same academic vein by bringing out properly edited students' magazine and Teachers' Council journal. The NSS sub-committee strives to make a complete human being and a proud Indian out of our students. It relates the students with social issues by organising various activities like health camp, blood donation camp, mother and child care camp, slum cleaning, etc.

Finally, apart from academics, the college has several cultural and recreational activities. Some of the members of the council are gifted vocalists, instrumentalists and writers. The college basks in the glory of their presence in the council and organises cultural programmes from time to time. Tours and picnics and informal get-togethers are organized to maintain healthy interaction among the council members. These activities are handled by the cultural and tour subcommittees.

### **Siksha Karmi Union**

The Siksha Karmi Union a democratic body consisting of members of the college nonteaching staffs. The members of the union help the administration of the through

their active participation and representation at all times. The members of the Union organise the AM Bengal Cricket Tournament.

### Vidyasagar College Students' Union

The students' union is a democratically elected body of the thirty six Class Representatives representing different classes and sections with a member of the teaching staff, nominated by the Principal, in the office of the President. An Election Commission comprising teachers appointed by the Principal / Governing Body conducts the election in which all regular students of the 1<sup>st</sup> and 2<sup>nd</sup> year classes exercise his/her franchise. The General Secretary of the students' union, of which all students on roll are members, is associated with each and every programme and development related to the college and is also an ex-officio member of the Governing Body.

Students' union organises various activities. It starts its programme with the annual college picnic in the month of December/January succeeded by the inter-departmental cricket tournament held along with annual sports in the month of January/February.

**BARSHABARAN**, a spring-fest to celebrate the ushering in of the Bengali New Year, is organized in the month of April. **Blood donation camp** and **health camp** are held in the month of August in collaboration with Vidyasagar College N.S.S unit.

An inter-department **football tournament** is also held in which students of different departments of 1st, 2nd and 3rd years participate.

A fresher's welcome, called **NABIN**, the inter-departmental **cultural tournament** and the **common room tournament** are held in the month of September. The cultural activities culminate in a crescendo in the month of October in the form of annual social function **UTSAV**, just before the puja vacation.

**Mother and child health** check up programme, in collaboration with the College N.S.S unit, is also organized in the month of October, usually in nearby slums.

The College has a 'Science Club' in memory of the illustrious former student Acharya Prafulla Chandra Roy and a 'Cine Club' in memory of former student Sri Debaki Basu. "Acharya Prafulla Chandra Roy Memorial Science Club" and "Debaki Basu Memorial Cine club" organise a science exhibition and a film festival every year.

### Academic Spectra

Before the beginning of every academic year each department holds exploratory meetings presided over by the Head of the Department to earmark portions of the syllabi for each teacher. A timeframe, too, is decided beforehand to allow the teachers adequate time for the preparation of the earmarked portion of the course. Mid-term monitoring assesses the progress in this regard.

The zoology department regularly arranges programmes to provide practical training beyond the university curriculum to the students of Science stream from our college as well as from other colleges under the DBT sponsored STAR COLLEGE

SCHEME to promote awareness regarding basics and recent advances in the field of Biotechnology.

Tutorial/additional remedial classes are held regularly alongside periodical examinations to assess the academic attainment of students. The academic sub-committee and the examination sub-committee jointly determine the norms to be followed in these examinations. Academic calendar, issued at the beginning of the academic year, lists the teaching programmes, examination dates and holidays.

Post-graduate classes in Zoology are conducted by the college in its Bidhan Sarani campus. Along with a brilliant faculty there are new laboratories with the latest equipment and instruments to facilitate pursuit of higher and specialized studies.

Many of the faculties are actively engaged in research through Major and Minor research projects sponsored by the U.G.C. and other Govt. funding agencies. Some of them are guiding Ph. D students. Some of the faculties engage in active research in collaboration with research institutes or universities.

### **Laboratories**

The college has more than eleven well-equipped laboratories for Physics, Chemistry, Geography, Zoology, Botany, Physiology, Bio-Chemistry, Electronics, Computer Science, Journalism and Mathematics. The laboratories have recently been renovated and modernized to meet the demands of the latest syllabi. A number of computers have been installed in the departments. Some departments are equipped with modern teaching aids like overhead, LCD and slide projectors.

### **Remedial Classes and Coaching classes for Entry-in-Service**

With the financial assistance from UGC, College organizes special remedial classes to help educationally backward and financially weak students from S.C., S.T., OBC, minority and other categories.

Besides imparting education college is also concerned about the career of the students. That is why college has introduced some job-oriented courses like training program for West Bengal School Service Commission Examination and other competitive examinations like NET. A number of workshops and personality development camps are also regularly organized in the college not only to make the students aware of the employment opportunities but also to groom them for job market.

### **Students Aid Fund**

Based on their academic performance and attendance financial assistance is provided to the poor and meritorious students from college fund so that they can continue their studies without any difficulty. Information regarding this is circulated through proper notices during the months of November- December.

## College Library

The college library has a vast collection of antique and rare books, including some used by the founder himself. It is mainly and continuously funded by U.G.C. grants and sporadically by State Government grants. The college also contributes towards the enrichment of its library stock. The library is equipped with the internet facility.

### Library Rules

- ✚ Requisition slips for library books are submitted between 11:00 am and 1:00 pm on all working days (except Saturdays) and books are issued on the same day between 3:00 pm and 4:30 pm.
- ✚ A bonafide honours student gets three lending cards while a general course student gets two.
- ✚ Books issued may be kept for one month and a fine @ Rs. 10 per day per book is charged for any delay.
- ✚ Rare and costly reference books are not issued.
- ✚ Talking, sleeping, smoking and loitering within the library are strictly prohibited.

- ✚ No tracing and/or mechanical/electronic reproduction of library material is allowed without the express permission of the Librarian.
- ✚ The Librarian is empowered to recall any book issued without assigning any reason and to frame such rules as he deems necessary for proper administration of the library.

### Seminars

The college organises seminars and popular talks on various topics of academic and social interest where students and teachers have the opportunity to interact. Eminent educationists are invited as resource persons to deliver lectures on different issues. Advanced students of different honours courses are encouraged to organize and participate in student-seminars on a regular basis to enhance oratory skills and to fight off stage fright. Best speakers are awarded with certificates and books.

## Counseling cell

Besides imparting education, teachers help the students to tide over difficulties that might hamper the proper development of their personality.

A Counseling Cell has been set up for our students who are unable to cope up with the pressure and tensions of stressful modern life. The cell also helps the students by providing valuable information about job options after their graduation.

## Grievance Redressal Cell

The college has set up a Grievance Redressal Cell to address the complaints and grievances of both the students and staff members. The grievances of the employees are normally looked into and settled by the Principal. Complaints of students are resolved either by the Principal himself or with the help of teachers as and when required taking into consideration the delicacy of each individual case. A Complaint Box exists where people can put in their grievances in writing.

## Medical and Health Services

First Aid boxes are available in several departments. The college has set up a Health Care Unit, open on Tuesdays and Fridays, to provide health services to both students and members of the staff. Students of the college are members of the Students' Health Home and can avail of both indoor and outdoor medical facilities at nominal cost. A doctor visits the college campus on at least two days a week.

## College Computer Centre

Vidyasagar College Computer Centre is accredited by the Department of Electronics, Govt. of India, for conducting CCC 'O' Level and 'A' Level Courses which are recognised by the All India Council for Technical Education (AICTE). The Directorate of Employment Govt. of West Bengal, has recognised the courses that are taught at this centre. The Computer Centre is governed by an academic committee, comprising of teacher members from the college as well as from The Institute of Computer Engineers (India) which assists in the functioning of the college centre. Various educational CDs can be accessed through the CD library of the centre. The Computer Centre provides a flat 20% discount on total course fee for students of Vidyasagar College. Arrangements are made in most cases to supply rare books within a short time frame. The Vidyasagar College Canteen is the focal point of the spirit of students. The canteen, though small is a cozy nook with a large heart. Apart from supplying scrumptious snacks and tea at a very reasonable price, it is the favourite rendezvous for all students when they have their classes off.

### **Ongoing Developmental Activities**

The former Vidyasagar Hostel was gifted to the college for its exclusive use by the West Bengal Government. The heritage building has been extensively renovated. Departments like Computer Science, Electronics, Journalism, Bio-chemistry, Psychology and Food & Nutrition have started functioning here. In addition to the above mentioned departments exclusive departmental rooms for Bengali, English, History, Political Science, Mathematics, Sanskrit, Philosophy and Economics have been set up here. Each room has a computer with a broadband connection and a printer. These rooms are extensively used by the faculties for their academic requirements. Classes of PG courses in Zoology and Geography are progressing in full swing in our Bidhannagar campus. Many teachers from these as well as other departments are engaged in research activities through funded projects. The STAR college scheme supported by Department of Biotechnology (DBT), Ministry of Science and Technology, Govt. of India was sanctioned to the Department of Zoology. The department runs many programs to strengthen the Life Science and Biotechnology education in this campus.

### **Extracurricular Activities**

### **National Service Scheme**

Vidyasagar College participates in the National Service Scheme under the Calcutta University, sponsored by the Ministry of Human Resources Development, Govt. of India. A Programme Officer assisted by an Advisory Committee, oversees the NSS activities. The aims and objectives of the NSS include involving urban and rural youth in constructive and developmental programmes in the rural sector, participation in the socioeconomic life of the community, fostering national integration and such other activities. Every year volunteers from among the students are enrolled and after completion of 120 hours of work, certificates are awarded by the University of Calcutta.

### **Sports and Games**

The college has a spacious Common Room for students with the facility of indoor games like table tennis and carom. The college is fortunate to have a share in the large ground at the Marcus Square. The college regularly participates in various outdoor sports, such as football, cricket and athletics. The Annual College Sports is regularly held during winter. The Students' Union of the college plays a major role in arranging various games and sporting activities.

### **Social and Cultural Activities**

A host of social and cultural activities mark the college calendar. The Students' Union actively helps the college authority in arranging the annual Social and Cultural Meet, in according welcome to the freshmen, holding interclass debates, cultural and literary competitions. All these activities aim at developing a sense of fraternity and sorority among the students of the college and to make them good citizens. The Alumni Association takes active interest in the various social and cultural activities of the college.

### **College Magazine**

The College Magazine is published annually and sometimes biennially, with the objective of nourishing and giving an exposure to the literary prowess of the students. The budding poets, writers and essayists get ample scope of developing and expressing their innate literary qualities. The Editorial Board takes every care to maintain the high standard of publication. Recently the Students' Union has undertaken the project of publishing Angaan, a bi-monthly magazine. The Editorial Board consists of both teachers' and students' representatives.
