SOCIOLOGY CURRICULUM OBJECTIVE

The courses offered in this curriculum are bachelor level courses in Sociology. After completion of the course, the students will be able to understand the key concepts in Sociology. They would develop keen insights to distinguish between the common-sense knowledge and Sociological knowledge. They will develop in-depth understanding of sociological concepts, thoughts and the knowledge and skill to conduct social research. These courses will also introduce the students to the emergence of Sociology as a discipline, and its development as a systematic scientific field of study. They will understand the basic features of the Indian social system and social problems and know about the traditional social institutions of Indian Society in context of continuity and change.

The student will develop a sense of how the pluralistic Indian society that is multi layered, multi-cultural has a tradition-modern continuum at play. This course reveals the networks in society, reflecting the closely intertwined relationships with the everyday lives of people in society. The mandate of the course is to introduce the discipline to students from diverse trainings and capabilities.

General Objectives of the Program:

1. Introduce the students to the basic concepts and processes in sociology to understand the social life.
2. Provide different perspectives of understanding the social life of people.
3. To introduce students to how society is studied by sociologists.
4. Update the students with different fields of Sociology and latest developments in the field.
5. Ability to examine, relate and connect theory with research

Program Outcomes:

1. Think critically by exercising sociological imagination.
2. Question common wisdom, raise important questions and examine arguments.
3. Collect and analyse data, make conclusions and present arguments.
4. Think theoretically and examine the empirical data.
