INTRODUCTORY NOTE

We are currently witnessing an alarming increase in COVID 19 infection throughout the country. This pandemic has taken a heavy toll on lives and livelihood apart from creating tremendous fiscal stress. COVID 19 has whipped up a crisis situation for the education sector. The system of teaching, learning and assessment has been severely affected by the closure of educational institutions across the country.

To make matters worse, the cyclone Amphan has ransacked several districts of West Bengal and its aftershock is yet to be fully absorbed in the affected areas.

In this unforeseen situation, we appeal to all guardians and prospective students to bear with us in case of minor disruptions which may occur in our admission process for the academic session, 2020-2021.

SOCIAL RESPONSIBILITY BORNE BY THE COLLEGE

In this pandemic situation, the college has taken up the following welfare measures to alleviate suffering and promote remedial action:

1. A sum of Rs One lakh has been donated from the College Fund to the Chief Minister's Emergency Relief Fund.
2. The teaching and non-teaching staff of the college contributed to a relief fund which was utilized to purchase and distribute essential items including food items and baby food to the residents of the adjoining locality living in abject poverty. The entire relief exercise was conducted by the members of the Students' Council under the benign supervision of Sri Tapash Chatterjee, President of the Governing Body of our college, who was also present during the said distribution.
3. At the initiative of the college, the Department of Chemistry prepared an appreciable quantity of hand sanitizer which was then distributed amongst the local populace.
4. Several rooms of the college have been made available to the district administration for setting up a quarantine centre/safe house for Covid positive police personnel.

SOCIAL RESPONSIBILITY BORNE BY STAFF OF THE COLLEGE (INDIVIDUAL CAPACITY)

Several teaching and non-teaching staff of the college participated in emergency relief field operations in areas affected by Amphan.

SOCIAL RESPONSIBILITY BORNE BY THE COLLEGE

HENRY LOUIS VIVIAN DEROZIO

Henry Louis Vivian Derozio (18 April 1809-26 December 1831) was a fiery Indian teacher and poet. In May 1826, at the age of 17, he was appointed teacher in English literature and History at the new Hindu College, which had been set up then to meet the interest in English education among Indians. He interacted freely with students, well beyond the class hours and his zeal for interaction was legendary. He infused in his students the spirit of free expression, the yearning for knowledge and a passion to live up to their identity. His students came to be known as Derozians. Derozio's contribution towards the upliftment of contemporary society is unforgettable. We, members of Derozio Memorial College, Rajarhat, pay homage to this gifted and dynamic poet and philosopher, the oracle of Young Bengal. Our mission is to instil in our students the teachings of Derozio and help transform them into ideal Derozians.

FROM THE PRINCIPAL'S DESK

Derozio Memorial College was set up in 1996 with the spontaneous co-operation of local inhabitants and the sustaining effort of the erstwhile Chairman and members of Rajarhat-Gopalpur Municipality. The college was named after Henry Louis Vivian Derozio, the doyen of 'Young Bengal Movement' and the first Anglo-Indian poet of the 19th century. As a poet, Derozio came into our cultural life as a Stormy Bird who sang new songs of life. As a teacher, he sowed new seeds of humanism.

Since inception, Derozio Memorial College was affiliated to the University of Calcutta. Later it got affiliated to the West Bengal State University in the year 2008. The college got affiliation from UGC in the year 2004 under section 2(f) and 12(b). The college has been re-accredited by the National Assessment and Accreditation Council (NAAC) on 05.11.2016 with B++ Grade (2nd cycle). The peer team has appreciated the notable progress of this budding college in translating its vision and goals towards community extension programme and skill based training through B.Voc and Community College Scheme and attaining the laid down objectives through a process-oriented approach.

Sprawling over a huge campus, the two storied college building, with a beautiful garden in front, houses about 2500 students in Arts, Science and Commerce Streams having honours in almost all subjects. The teachers and non-teaching staff of the college strive collectively for all round excellence of the college.

They have been achieving milestones together and are actively contributing towards keeping the Derozio Memorial College banner flying high.

We hope to create an atmosphere of reverence for education and a healthy ambience where work, sports and co-curricular activities will mould our students and spur them on to be the brightest and the best.

Our mission is to provide leadership that promotes safe and orderly learning where students are challenged, engaged and supported towards achieving academic standards while developing their social skills. In order to accomplish our goals, the parents and the teachers must work together to inculcate certain values in the students which will help them to reach the highest level of achievement.

The second week of March 2020 witnessed a crucial time for education across the country. The colleges and Universities were shut down as a measure to contain the spread of novel coronavirus. As the days passed by with no immediate solution to stop the outbreak of COVID 19, the University examinations had to be postponed, class-room teaching got jeopardized as a result of sustained lockdown. The pandemic disrupted higher education. The teachers and students had to switch over to online teaching methods leaving the century old chalk-talk model. The students living in the rural areas could not access the e-learning process due to poor or no internet connectivity resulting in a digital divide in the society. This situation is prevailing till date. Moreover, the pandemic has thrown thousands of students out of job leading to economic and social stress. Even big corporates are backing out from their promises and are rescinding the campus offers. If e-learning is to continue, a multi-pronged strategy is necessary to manage the crisis and build a resilient Indian education system in the long run.

ACKNOWLEDGEMENT

We extend our sincere gratitude to those whose contribution towards the establishment of the college is undeniable.

- Ex-chief whip, Govt of West Bengal & Ex-M.L.A., Rajarhat Constituency.
- The former MP of Dum Dum Constituency.
- Ex-Chairman of erstwhile Rajarhat- Gopalpur Municipality.
- The former Sabhadhipati of Zilla Parishad (North 24 Parganas).
- Noted inhabitants of the locality who contributed in the form of money and land.
- Eminent citizens and enthusiastic educationists.

HISTORY

The College was established in 1996 as a result of the hearty co-operation of the inhabitants of Rajarhat locality and the sincere effort and strict supervision of Sri Rabindranath Mondal, Ex-MLA. It is exemplary that people belonging to different strata of the society donated blood and collected money to raise funds for the establishment of the college. The foundation of the college is marked by the earnest desire of various eminent personalities and associations to promote higher education in the locality. On 8th March, 1996 the foundation stone of the new college building was laid by the then Higher Education Minister, Sri Satyasadhan Chakraborty. Initially, evening classes were held at Ramkumar Kamala Vidyalaya in Kali Park since 19th September, 1996. The former Chief minister *Late Jyoti Basu*

inaugurated the new college building on 4th October, 1997. Though this college is young in age, it has succeeded in achieving several goals in its twenty-four years span and is progressing with a positive attitude towards a brighter future.

LOCATION

The College is situated 4 km away from Baguiati, adjacent to the new-township of Rajarhat on the Rajarhat Road, in the North 24 Parganas District, West Bengal. (Bus Numbers: 211, 211A, 217, 217A, 217B, 91, 91A, 91B, 91C, Haroa-Dunkuni, Chakla-Karunamoyee, Rajarhat-Nabanna, Polerhat-Shyambazar, AC36)

AMBIENCE

With an area of about 33,000 square feet, the three-storeyed college building is unique because of its location in the midst of the vast expanse of lush green. There are 44 well-ventilated, spacious rooms including eight halls that can accommodate 250 students each. There is also a well-equipped auditorium which can host various academic programmes. Facilities of library, laboratories, playground, canteen, water cooling system and cycle stand exist. The college possesses an ICT enabled conference room and auditorium, five virtual class rooms, a Film Studies room, seminar libraries in all the departments, Students' Corner, vermi pit and herbal garden. One block (Block I) of the second floor of the college building has been constructed. The construction of the other three blocks is under process. The academic environment of the college is enriched by a beautiful garden and luminous fountain in front of the college that nurtures the aesthetic sense of the students. Rainwater harvesting is practiced in the campus. A 20 KWH Solar Panel has been set up with financial support from the New and Renewable Energy Department,

Government of India and Government of West Bengal. A SBI ATM is in operation at the college main gate.

NAAC ACCREDITATION

The College has been re-assessed by the National Assessment and Accreditation Council (NAAC) on 28th -29th September, 2016 and the College was duly accredited with Grade B++ (Second Cycle). The peer team has appreciated the notable progress of the College in translating its vision and goals towards attaining the laid down objectives through a process-oriented approach.

AFFILIATION

The College was initially affiliated to the University of Calcutta. From 2008-09 onwards, it has received affiliation from West Bengal State University (Barasat, North 24 Pgs).

UGC AFFILIATION

The College has received UGC affiliation under section 2f and 12B of the UGC Act, 1996. This has made the college eligible to receive central assistance and grants for its future development.

UGC SPONSORED B.VOC DEGREE PROGRAMME AND COMMUNITY COLLEGE SCHEME

Derozio Memorial College, a Government aided college of North 24 Parganas, West Bengal not only pursues academic excellence but also motivates and empowers its students to be life-long learners, critical thinkers and productive members of an ever-changing global society. In the year 2015, the college was selected for UGC sponsored Community College Scheme and B.Voc Degree Programme. Through the Community College Scheme, we are trying to develop our students in all possible dimensions – intellectual, physical, social, moral and economical.

To fulfill this target, as a Community College, we have introduced several courses for the betterment of the local community of Rajarhat-Gopalpur and its surrounding areas. Last year, UGC also enhanced the tenure of affiliation of these One-year Diploma Programmes under NSQF after superficially scrutinizing every aspect of the courses.

- Photography & Video Production *
- Web Design & Development*

*(under consideration of the approval of yearly affiliation under NSQF by the UGC for the academic session 2020-2021)

The motto of Derozio Memorial Community College is “Education for Employment through Skills Formation”. The educational activities are designed in line with the needs and demands of the local community. More specifically, the main objective of this College is “to offer job-oriented courses based on the perceived community demand for specific manpower”. In short, Community College is “for” the Community and “of” the Community. The College performs four major functions namely, teaching, training, research and extension. It attempts to create a model of

employment-oriented education with adequate mutual collaboration and cooperation of members from various commercial, government and academic institutions and organizations like Nikon, Canon, SONY, Numerico Informatic Systems Pvt. Ltd., IdeamWebz, India Blooms News Service etc. West Bengal State University also extends their hands. They give us affiliation to conduct the examination after completion of the training programmes. Both the courses are certified by the West Bengal State University. Under the Community College Scheme, we conduct various guest lectures, training sessions, workshops on regular basis by industry experts and prominent faculties. Canon and Nikon with their high professional mentors regularly arrange Specialized Photography Workshop and Photo-Walks. This Photography and Video Production course is meant for those who wish to become professional photographers and Video makers or take-up photography or Videography very seriously. While this course is not a specialization course, it provides the students an orientation to professional photography and video production. Most importantly, the course enables one to achieve a thorough and a clear understanding of photography fundamentals, camera handling, video editing, sound editing, graphic design and basics of animation as well as acquire a strong artistic and technical competence in the various complex aspects of photography and video production. With such strong foundations in photography and video production, it empowers a student to become a professional much quicker than the rest. It has been proved that the students of Community College scheme in both the trade make a notable mark in their career when we see that our students are engaged in different jobs in various news channels, news portals, online digital marketing organization and website designing company after completion of the courses.

We are also trying to improve the living standards of the community of Rajarhat-Gopalpur and its surroundings. B.Voc Degree Program is a programme which is approved by University Grants Commission, MHRD, Govt. of India and affiliated to West Bengal State University and combines practical training in three (03) exclusive streams with a solid academic base and i.e.-

- Broadcast Journalism (B.Voc in Broadcast Journalism)
- Printing and Book Publishing (B.Voc in Printing and Book Publishing)
- Public Relations (B.Voc in Public Relations)

Students are imparted the skills that need to work in a broadcast newsroom, along with media law, politics, and an understanding of the role of media in a democratic country like India. We are trying our best to inculcate in the students a degree of sensitivity and empathy that will enable them to reach out to the world and provide effectual service by generating resources without overtly depending on financial inputs from the Government. All the 3 year B.Voc degree Courses are approved and affiliated by the University Grants Commission after purview the yearly performance of each trade. We are very happy to inform you that the students of Broadcast Journalism has already created an opportunity to intern and engaged in different media like Doordarshan, 24 Ghanta, Bangla Times, High News etc. and the students of Printing and Book Publishing already has engaged themselves in different Govt. and Non-Govt. organization of the printing industry. Soon we will introduce a 24x7 news-portal namely 'Derozian Times' for the students of Journalism and Mass Communication and B.Voc in Broadcast Journalism. We have introduced a new B.Voc Degree Programme in 2017 and that is B.Voc in Public Relations.

It is an exclusive course across our country and it has a huge scope of employment. There are plenty of jobs in this industry. In spite of the current global economic slowdown, the event management industry has continued to grow in leaps and bounds. There are plenty of events: weddings, birthday parties, talent hunt and reality shows, fashion and cultural shows, academic and sports meets, religious functions, corporate events, conferences and so on. Talented youngsters who want

to leave their mark in this industry have numerous avenues. They can join an event management company or a media house that specializes in PR and event management activities. Once they have garnered ample experience, they can either start working in the capacity of a freelancer or event set up their own events business.

We have introduced the “Earn while you learn” scheme exclusively for the students of Community College and B.Voc Degree programme. The initiative has a positive impact. On the one hand, students are earning some extra pocket money while on the other, they are getting work experience and hands-on training while studying, something that is missing in our education system. So, students pitch in with tasks such as I-Card making, data entry, maintaining of records, library management etc. Each working student is paid Rs 05/- for every Identity Card production.

Now it is the time for advancement and the time for a new dream. It has been a long cherished dream of Journalism and Mass Communication Department of Derozio Memorial College to conceive and bring forth, a Communication Resource centre, which, through vocational education and training, will pave the way for sustainable economic development in the rural sector of Rajarhat-Gopalpur area in the state of West Bengal and create the resources for an archive of digital India. We have already launched “Know your Neighbours” scheme exclusively for the students of Journalism and Mass Communication and B.Voc Degree Programme to provide information on the college's proactive work to reduce students' negative impact and promote positive behaviour in local communities and to highlight any emerging trends and issues affecting local communities. The Communication Resource Centre will certainly secure a bond between the common man and the educational/scientific institution by implementing research findings in the fields of agriculture, horticulture, apiculture and fisheries. Documentaries have been made

in the local language on the process of cultivation, fisheries, bio-diversity preservation, water treatment, solid waste management, energy efficiency, tree plantations, marketing their products.

In this regard, after setting up primary infrastructure (Smart A.C Class Room with ICT facility, Studio for Video shooting and Dubbing, Editing Console, High end Cameras, Drone Camera, Still Digital Cameras, Light setup, Web streaming Facility like Any cast, Apple TV etc.) we are looking for fund generation from different sources. Cultural development is very important for fostering the learning process. So we have also taken initiatives for nurturing the cultural values among the students of Community College and B.Voc Degree Programme. Students are indulged in short film making, drama scripting, dance drama making, background music arranging, art and handcrafting, performing arts, low cost set designing and painting. The students of Community College Scheme and B.Voc Degree Programme have already arranged a day long cultural Programme 'Mon-Uran' to commemorate Bengali New Year and make the programme successful with their cultural skill, talent and perfection. To make our dreams true in reality, we are all together trying to achieve excellence in the concerned area and we are determined to serve the nation and as well as for humanity better.

ACHIEVEMENTS OF B.VOC & COMMUNITY COLLEGE

1) Students of Community College Scheme and B.Voc Degree Programme participated in the workshop, Seminar and webinar organized by Nikon, Canon and Numerico and certificates were awarded.

- 2) Educational tour was organized in Purulia at 'Pakhi Pahar' and a documentary was made on the sculptural work of villagers in the rock along with eminent sculpture artist Chitta Dey.

NCC

The National Cadet Corps (NCC) aims at developing character, discipline, a secular outlook, the spirit of adventure and ideals of self-service amongst young citizens. The motto of NCC is “Unity and Discipline”. It basically grooms students to become disciplined, trained and motivated patriotic youths with leadership quality, which helps them to take challenge in all walks of life.

The NCC unit of the college has stepped into its 19th year. It comprises of both Boys and Girls Cadets. Out of a total of 105 enrolled students, 37 cadets are girls. Atanu Ghosh, a student of 3rd year, acts as SUO of this unit. Lieutenant Dr. Goutam Chowdhury, Associate Professor, Department of Mathematics is in-charge of this unit. The college desires full-hearted involvement of the students in this unit.

Some of the Achievements of NCC:

1. Karuna Rani, a student of 4th Semester B.Com (Honours) was selected to participate in the Republic Day parade at New Delhi on 26th January, 2020.
2. Suman Sardar, a NCC Cadet of 2012 pass out batch is now holding the post of Assistant Sub-Inspector in CISF at Madurai Airport.
3. A large number of students completing the NCC Certificate course got appointment in Army, Police, CISF and in private organizations.
4. The NCC cadets help the local police station and Traffic police from time to time to control gathering during Durga Puja and other events.
5. They also organize several awareness programmes in the locality.

NATIONAL SERVICE SCHEME (NSS)

The National Service Scheme (NSS) was started in 2008 to establish a meaningful linkage between the campus and the community. The main objective of NSS is “Education and Personality Development of the Students through Service to Community”.

Education should not be confined to classroom teaching only. It is not merely acquirement of facts but also of values which help us improve the different facets of mankind. It ensures that we leave the world a far better place than we found it. A pivotal role of education lies in shaping the personality of a student into a healthy mind and happy soul, required not only for academic excellence but also to enable him/her to face the challenges of life in a balanced and harmonious way.

This can be achieved through National Service Scheme (NSS). Our mission is to inculcate principles, values and ideologies in the younger generation and make them aware of their commitment towards social and moral duties and initiate them into social community service.

The NSS volunteers are involved in multi-dimensional activities like laying of college garden, tree plantation, adoption of village, Swachh Bharat Abhiyan, health camp, awareness programmes etc. The students may be placed in projects of adult education, welfare of slum dwellers, training in civil defense, traffic control, adventure sports, work in hospitals, orphanages, destitute homes. With an intake of 200 students, the Programme Officers Dr. Rajib Lahiri (Unit I) and Prof. Subarna Ghosh (Unit II) with active support of the Principal, Dr. Dibyendu Talapatra, have made successful the following programme:

INFRASTRUCTURE

CENTRAL LIBRARY

The fully Koha (LMS) automated Central Library of the institution, located on the ground floor (Room No.7) and opposite to the Teachers' Common Room and Principal's chamber is the centre of attraction of the students, teachers and non-teaching staff of the college. It comprises different sections such as Circulation Section, Teachers' Study, Journal & Newspaper Section, New arrival Section, Reading and Reference Section etc. Presently, the Central Library holds:

- 15500 Printed Books
- 500 (Approx) Printed books added in 2018-19
- 680 Journals and Magazines (Printed)
- 110 CDs/DVDs
- 3100000+ Ebooks (through NLIST)
- 6000+ E-journals (through NLIST)

There is a well decorated Reading Room with 2400 text books and 240 reference books such as Dictionaries, Encyclopaedias, Yearbooks, Worldbooks etc. and it can accommodate almost 70 readers at a time. In the year 2019, 1300 new members have been enrolled in the library. Presently, there are 7 computers with Internet facility in the library, but the number of terminals would be increased very soon in near future. Apart from all these, the library provides photocopy services of library books with a nominal charge to the readers. At present, there are four qualified and dedicated staff including a full-time librarian in the Central Library. The library of the institution makes its appearance on the social networking sites such as Facebook and Twitter with the name "LibraryofDMC". The Central Library provides Ex-student Membership facilities in which ex-students of the college can access the collection of the Central Library.

Newspapers (3 Bengali & 2 English), magazines are subscribed on daily basis and archived and preserved from January 2016 onwards in Bound Volume in the library. A reward called “USER OF THE MONTH” has been introduced in order to inspire students to visit the library more and more by rewarding those students who have borrowed the highest number of books from the library in their respective categories.

The Library of the college has taken Institutional Membership of The National Digital Library of India, Govt. of India and provides access to their rich collection and facilities to the faculties and students of the college. In order to provide students with their required books and other academic materials during the Lockdown period for Covid-19, the Central Library has taken an initiative to provide them the Membership facilities of National Digital Library of India (NDLI) from where they can download millions of contents free of cost.

Activities of Central Library
