J.D. BIRLA INSTITUTE

Unit of Vidya Mandir Society

AFFILIATED WITH JADAVPUR UNIVERSITY

Recognised by UGC (12B & 2f)

About J.D. BIRLA INSTITUTE

J.D. Birla Institute is a private unaided College affiliated to Jadavpur University, Kolkata since 1963. It is conveniently located in the heart of the city at 11 Lower Rawdon Street, Kolkata-700020 (near Minto Park).

The late Sushila Devi Birla, wife of eminent industrialist late L. N. Birla, established a college for girls in her mother-in-law's name in June 1962. The College was named Smt. Jawahari Devi Birla Institute of Home Science and it filled a much felt gap in the scientific education of young women from Calcutta's conservative families.

Over five decades, the Institute has grown with the needs and demands of the changing times. A Department of Commerce was added in 1997, and in tune with the shifting zeitgeist; another campus was started in 2002 to house the co-educational Department of Management. At this time, the name of the institution was simplified to J. D. Birla Institute. In the year 2009, four new professionally oriented B.Sc courses were introduced apart from two new M.Sc courses. M.Com was introduced in 2013. Currently, the college has about 1700 students.

57
years of
Educational
Excellence
&
Empowerment
of Women

Sponsoring TRUST

As a private unaided educational institute, the Vidya Mandir Society an educational trust managed by the S.K. Birla Group sponsors the college.

Mr. S. K. Birla
Chairman,
Vidya Mandir Society

Mrs. Sumangala Birla
President,
Governing Body, JDBI

Brig. V. N. Chaturvedi, Retd.
Secretary General,
Vidya Mandir Society

Our LOGO

The Institute's logo represents a well-known shloka from the Brihadarnyaka Upanishad (Brihadarnyaka Upanishad – I.iii.28).

“Asato ma sadgamaya
tamaso ma jyotirgamaya
mrttyorma amrtam gamaya”

Lead us from all that is untrue and unreal to what is real and true.
Lead us from darkness to light, ignorance to knowledge.
Lead us from death to immortality.

Our Vision

To establish ourselves as a leading college providing education of a higher standard with integrity, consistency and due diligence.

Our Mission

To prepare the future generation for academic excellence and practical skill-set needed to face global challenges and lead the country into the world of the future.

J.D. Birla Institute is an Institute of educational distinction that combines excellence with innovation. The Institute with all its departments is affiliated to the highly acclaimed Jadavpur University, a world renowned Center of Excellence.

At JDBI we offer students with wide range of courses that gives students a solid academic foundation and at the same time enables them to realize their individual dreams in field of Applied Sciences or Commerce or Business Administration.

Our commitment towards excellence in the field of education is easily achieved through our impressive infrastructure, student-focus initiatives and facilities that edge on overall and holistic growth of our pupils. Conducive teaching and learning environment is provided through a well secured, neat and clean campus, air-conditioned lecture rooms equipped with LCD projectors, state-of-the-art laboratories and required support systems. Earnest endeavor by well qualified and dedicated teaching faculty at the Institute prepares students to face the challenging global environment. Teaching is based on lectures, seminars and project work that provides practical hands-on experiences and prepares students to face the challenges of a rapidly-changing world. The library of the Institute is automated and has an impressive collection of learning resources including books, journals and reference materials for all the graduate and post-graduate courses. Every year several curricular and co-curricular events are organized to aptly broaden the learning experience of our students. Leadership skills in students are sharpened through various clubs that they lead.

All the undergraduate courses except BBA are honours programmes and are divided into six semesters. Choice for subjects is offered in the final year through the CBCS approach as mandated by the UGC. Balance between theoretical and real life situations is achieved through our integrated approach in teaching and learning that includes live case studies, experiential activities, classroom discussions, term paper and seminars. Students are also provided with industry exposure through various projects, industrial visit and interaction with members from the industry.

I am convinced that our students find the courses that they undertake at the institute intellectually stimulating and as a stepping stone to the career of their choice. Many of our alumni are already well placed in several fields

It gives me great pleasure to welcome you to the myriad opportunities offered by J. D. Birla Institute.

Professor Deepali Singhee, Ph.D

Principal, J.D. Birla Institute

JDBI Advantage

- Courses ranked high on all India basis
- Semester wise curriculum with choice based credits
- Modern WiFi campus
- State of the art laboratories
- Qualified and fulltime faculty
- Special lectures by top ranking experts
- Host of co and extracurricular activities
- Opportunities for internship & networking
- Placement assistance
- Merit base scholarships & freeships
- Short term certificate course under MOU with IIT-Mumbai, National Stock Exchange, ICFAI and Academy of Pastry Arts

State-of-art LRC with an enviable collection of books, journals, periodicals magazines and newspapers covering all parameters in the field of applied sciences, commerce and management and books of general interest. The LRC has a good collection of audio-video resources too.

The LRC is fully automated through KOHA with OPAC facility. There are 8 computer terminals to enable students to search for the resources available at the internet-annexed room where they can also freely browse on the internet and prepare presentations. A separate Research Journal section provides an appropriate environment for literature survey and research review.

Well-trained and helpful library staff helps in efficient working of the LRC.

Photocopying facility is available to students and staff at the library.

The LRC is open to all students from 8:30 am to 5:00 pm Monday - Friday and 8:30 am to 1:00 pm on Saturdays.

B.Sc (Hons.)

Overview

B.Sc course in FSNM is based on applied sciences and is geared to meet the emerging needs and challenges of contemporary society as they respond well to the evolving global standards. The present curricula and syllabi have been revised and updated in accordance with UGC (University Grant Commission) guidelines. Six week internship training in the final year of study is the USP of these courses. The course offers each student with ample opportunities to assess their abilities, aptitudes and interest and introduces them to a world of jobs and careers.

Course Highlights

The course shall include

- **Human Health:** Nutrition science supported with human physiology & biochemistry and Public health nutrition with focus on nutrition education programs
- **Food Science:** Food functions, nutrient metabolism, food behavior, food quality & auditing systems and food product development.
- **Dietetics:** Food requirements through the life span; functional foods & supplements; dietary guidelines for ailments; creative diet and menu planning; lifestyle & eating modifications with nutritional counselling.
- **Food Processing:** Methods & regulations in food processing and research based food product development
- **Culinary Skills:** Bakery and confectionery; institutional and innovative food presentation & sensory skills
- **Food Service Management:** Hospital & industrial catering techniques.
- **Food Testing & Analysis:** The course shall be supplemented by practical and on-job training through Diet Camps, Field Visits and Health & Wellness Workshops.

The final degree will be awarded
by Jadavpur University

Career Options

- 👉 Clinical Dietician
- 👉 Sports Nutritionist
- 👉 Weight Management Professional
- 👉 Dietary Manager
- 👉 Nutrition Educator
- 👉 Research & Development Scientist

- 👉 Professional Chefs
- 👉 Public Health Nutritionist
- 👉 Public Health Worker
- 👉 Food Industry Professional
- 👉 Food Quality Officer &/ Food Auditor
- 👉 International Aid Worker
- 👉 Food Writer / Blogger

Student will be evaluated on each subject / paper (theory/practical) under both:

- a) Continuous Internal Evaluation (CIE): 40% weightage
CIE includes written class tests, assignments, seminars, tutorials and/or laboratory assignments.
- b) End-semester Examination (ESE): 60% weightage
Four ESE will be held, one at the end of each semester.

Course Duration:

15-17 weeks per semester with
20-26 classes of 1 hr duration per week.

Course Timings:

9:30 am to 4:00 pm, six days a week
(1st and 3rd Saturdays are off days)

Class Size:

40-45 students

Faculty Team

J.D. Birla Institute has professionally qualified, experienced and dedicated faculty drawn from various educational fields, who contribute to the Institute's academic excellence.

Students get ample opportunities to interact with faculty members who engage with them intellectually, both within and outside the classroom. Our pedagogy encourages constant interface between students and faculty via seminars, discussion, term-papers, one-on-one mentoring, field trips, industry visits, excursions and other co-curricular and extra-curricular activities.

Student's opinion on faculty is valuable to the Institute's quest for all-round excellence and a formal Students' Feedback process is a part of the faculty appraisal audit conducted at the end of each semester by an external agency to ensure objective results.
