The above screen shot shows how a new user can register himself. The communication mode signifies how the authority (WBPRB) will reach the applicant for official purpose only. All red * marked fields are mandatory ones. Please note that the mobile number is a compulsory field, even if you choose your communication mode as "EMAIL". The mobile number should not have any country code(+91) or (0) as prefix. Please remember the username and password entered here for registration ;as it will be required by you at every stage for getting information under your "MyAccount" space. The most important fact that you must remember is that; that the mobile number should be a valid number and must remain valid throughout the drive as all important communication from WBPRB pertaining to you will be sent to this mobile no. The system memory should be kept free for ensuring delivery of sms. Though your service provider (e.g. BSNL/Vodafone/Airtel/Idea/Reliance/Jio etc.) plays an important role in this respect. WBPRB though is in no way responsible for delivery of SMS to the applicants.

Once your account creation is successful, the following message box will appear on the screen and an auto sms & mail will be sent to your mobile set & mail box. Kindly retain these two information for your own sake.

After you complete the registration process you will be presented with the following screen. Click on the "Application for The posts of Constables in WBP 2019" link available on the left pane (side) of the screen shown below

Now you have landed on the page where all necessary informations related to the drive are parked in PDF file. Please read all the details marked under "Information to Applicants", "How To Apply", "FAQ", "List of Tathya Mitra Kendras". Also have a close look into the Dates mentioned in the separate segment (Please note these are sample dates only, hence refer to the actual dates after logging into the actual site)

After going through all the details as advised above , click on the “Apply Online” blue colored button.

You will be then landed on the main segment of filling up the application form on-line. There are four pages available, first one is “Personal Details & Qualification” , second one is “Communication & Other Details” followed by “Upload Photo & Signature”. These three pages require your inputs but the next page is “Preview Application” where no user input is required but it is one of the most important page, where it displays all things entered by you that can be viewed at a glance including the photograph & signature uploaded by you. You are advised to carefully go through each and every details because it presents you the last chance of rectifying any information entered by you except the “State of Permanent Residence”. Once you opt for the next page, it will take you to the payment details page – the last page and no editing of the form filled up is allowed at that stage.

In the next section, we will together browse through each & every nitty-gritty of filling up the form on-line.

The above screen is the starting point. Sl.No. 1 is an information which is pre-filled and require no inputs from the applicant. Sl.No. 2 is a very important field and should filled up with utmost care because, it is that field once filled up and proceeded ahead cannot be edited (i.e. changed) at any point of time. The list presented in Sl.No. 2 is an exhaustive list and contains all the list of States & Union territories of the India (THE APPLICATION CAN BE FILLED UP ONLY BY INDIAN CITIZENS).

Sl.No.3 is a non-editable field and will by default display “Male”.

If you click on “No”, then you can edit any portion of the input except the mobile no. segment as it flows from the “Registration module”.
