Master of Arts (M.A.) in Education

The intense two-year programme in M.A. (Education) offered by St. Xavier's College (Autonomous), Kolkata, provides engaged and impactful learning experiences through a substantive and comprehensive curriculum that reflects a global, inclusive and social justice perspective in the field of Education. The entire programme focuses on providing rigorous training that includes modern trends in research methodology, leading to the completion of the mandatory requirement of a dissertation. The programme through its unparalleled curriculum and programme specific courses will provide a platform that will combine asynchronous with synchronous learning experiences.

This programme is geared around achieving educational outcomes that will influence cognitive, affective and social dimensions of learning. This innovative programme with its strong research orientation and firm theoretical and practical foundations, uses cutting-edge technologies and field-based opportunities to prepare leaders with a zest for critical thinking and social reconstruction.
